July 27, 2018

Dear Fellow Stockholder of Sonoma Pharmaceuticals, Inc.:

In the Fall of 2014, we changed our business strategy to focus on the dermatology market creating three successful fiscal years with attractive revenue growth. Towards the end of the last fiscal year ended March 31, 2018, we faced challenges that many other pharmaceutical companies experienced in the United States due to the changing healthcare landscape. These challenges include the fact that insurance plans have begun asking patients to pay an increasingly greater share of their bills out of pocket through rising deductibles, especially in January, February and March when insurance plans reset, and via patient co-payments. Higher deductibles and cost-sharing for our prescription medications create additional barriers for patients accessing needed care and medicines.

Despite these industry challenges, in our fiscal year 2018, we (a) increased our total revenue by 30% to \$16.7 million, (b) increased our dermatology net revenue by 40% to \$5.8 million and (c) increased the number of prescriptions filled by 40% to 73,667. We also increased our product portfolio by (1) launching Loyon®, our product for scaling and erythema for various dermatoses in September 2017, (2) obtaining four FDA clearances and (3) several international approvals, including in Brazil and the United Arab Emirates.

In June 2018, we also announced our partnership with U.SK, the dermatology arm of the Brazilian NC Group, the largest pharmaceutical company in Brazil. The five-year license and distribution agreement opens the Brazilian market for our proprietary Hypochlorous acid (HOCl) solutions. We expect the first products to be marketed in Brazil late Summer 2018. Brazil now the world's second-biggest market, after the U.S., in plastic surgery and in dermatology procedures, and according to Euromonitor, Brazil is the third-largest beauty and personal-care market in the world, after Japan and the U.S.

As we look to the future, our key areas of focus will be maximizing the efficiency of our direct sales force, continuing to improve and grow our product lines, improving our penetration in markets around the world, increasing our coverage and reimbursement levels with managed care organizations and containing costs to achieve profitability.

1. Maximize the Efficiency of our Dermatology Sales Force: Our sales force currently consists of 33 members with 27 sales representatives and six managers. All 33 members of our sales team are highly experienced salespeople, with the average salesperson having 10.3 years of dermatology experience. We plan to focus on the efficiency of our sales team to increase the number of prescriptions filled by focusing on the geographical territories and areas where our products achieve the highest sales and reimbursement. In addition, we will explore the increased use of our inside sales force, call centers and digital capabilities for areas where the expenses of having a sales representative outweigh the benefits. We will also continue to negotiate favorable contracts with managed care providers to improve the coverage and reimbursement levels for our products.

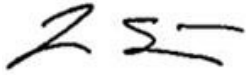

2. Improve and Grow our product line: In September 2017, we launched our newest product Loyon®, our product for scaling and erythema for various dermatoses. We also obtained four FDA clearances for Loyon and to add antimicrobial claims to several of our key products. As of June 6, 2018, we had a total of 70 issued patents and 28 pending patents, in the United States and worldwide. We also obtained several international approvals for our products, including in Brazil. We will continue to invest in our research and development and capitalize on our expertise by adding new products and indications. We also continue to look for opportunities to in-license complementary technology platforms to add to our product line.

3. Improve our Penetration in Markets around the World: In June 2018, we announced our new partnership with U.S.K, the dermatology arm of the Brazilian NC Group. The five-year license and distribution agreement opens the growing and important Brazilian market for our HOCl-solutions. We continue to seek favorable partnerships around the world to grow our global market penetration. We are also exploring the plastic surgery and dermatology procedures market for growth opportunities for our products. According to Data Bridge Market Research, the global medical aesthetics market is projected to reach \$16.1 billion by 2024, from \$8.33 billion in 2016, at a CAGR of 13.7% during the forecast period from 2017 to 2024.

4. Improve Coverage and Reimbursement Levels while Reducing Rebate costs and Product Substitutions: Similar to other pharmaceutical companies, our revenue drops at the beginning of each calendar year as insurance plan deductibles reset and copays are adjusted. Patients, who are increasingly subject to these high deductible insurance plans and other cost-shifting measures, respond by consistently triggering the rebates from pharmaceutical manufacturers or by substituting our products with low-cost generic products. We are currently negotiating agreements with mail-order pharmacies to offer our customers the convenience of having their prescription mailed to them directly to their home at a reduced co-pay and, in the process, reduce the number of times our products are substituted with low-cost generic products at traditional pharmacies. We are also continuing to negotiate favorable agreements with managed care providers and insurance plans to cover our products and increase reimbursement levels. By improving the insurance coverage for our products, we also believe that the rebate cost will decrease as a percentage as customers face lower out-of-pocket costs.

This year, our Annual Meeting of Stockholders will be held at 10:00 a.m. Pacific Daylight Time, on Monday, September 10, 2018, at our offices located at 324 Campus Lane, Suite A, Fairfield, CA 94534.

We look forward to seeing you there and thank you for your continued trust and support.

Questions and Answers

1. What is a proxy statement, what is a proxy and how does it work?

A proxy statement is a document that the U.S. Securities and Exchange Commission requires us to give you when we ask you to sign a proxy card designating someone other than you to vote the stock you own. The written document you sign indicating who may vote your shares of common stock is called a proxy card and the person you designate to vote your shares is called a proxy. The Board of Directors is asking to act as your proxy. By signing and returning to us the proxy card enclosed you are designating us as your proxy to cast your votes at the Annual Meeting. We will cast your votes as you indicate on the enclosed proxy card.

Our employees, officers and directors may solicit proxies. We have retained D.F. King & Co., Inc. to solicit proxies for us. We have agreed to compensate D.F. King a fee of \$7,500, as well as reimburse \$4.50 per incoming/outgoing stockholder telephone call. We also agreed to reimburse D.F. King for other reasonable expenses. We will bear the cost of soliciting proxies and will reimburse brokerage houses and other custodians, nominees and fiduciaries for their reasonable, out-of-pocket expenses for forwarding proxy and solicitation material to the owners of our common stock. Please contact D.F. King toll free at (800) 676-7437 or SNOA@dfking.com, or by mail at 48 Wall Street, 22nd Floor, New York, New York 10005 if you have any questions or require any assistance. Banks and Brokers may call collect D.F. King at (212) 269-5550.

2. Who is entitled to vote at the 2018 Annual Meeting of Stockholders?

Only stockholders who were Sonoma Pharmaceuticals, Inc. stockholders of record at the close of business on July 16, 2018, or the *Record Date*, may vote at the 2018 Annual Meeting. As of the close of business on the Record Date, there were 6,450,490 shares of our common stock outstanding. Each stockholder is entitled to one vote for each share of our common stock held as of the Record Date.

3. What is the difference between a stockholder of record and a beneficial owner?

If your shares are registered directly in your name with Sonoma's transfer agent, Computershare, Inc., you are considered, with respect to those shares, a *stockholder of record*. As a shareholder of record, you will receive a notice regarding the availability of the Proxy Statement, Annual Report and proxy card directly from us.

If your shares are held in a brokerage account or by a bank or other nominee, you are considered a *beneficial owner* of your shares. As a beneficial owner, you will receive the notice regarding the availability of the Proxy Statement, Annual Report and voting instruction form forwarded to you by your broker, bank, or nominee who is considered, with respect to those shares, the stockholder of record. As the beneficial owner, you have the right to direct your broker, bank, or nominee how to vote your shares by using the voting instruction form included in the mailing. If you do not give instructions to your bank or brokerage firm, it will nevertheless be entitled to vote your shares with respect to "routine" items, but will not be permitted to vote your shares with respect to "non-routine" items. In the case of a non-routine item, your shares will be considered "broker non-votes" on that proposal.

4. What does it mean if I receive more than one proxy card?

If you hold your shares in multiple registrations, or in both registered and street name, you will receive a proxy card for each account. Please mark, sign, date and return each proxy card you receive. If you choose to vote by telephone or Internet, please vote each proxy card you receive.

5. Will there be any other items of business on the agenda?

We do not expect any other items of business because the deadline for stockholder proposals and nominations has already passed. Nonetheless, in case there is an unforeseen need, the accompanying proxy gives discretionary authority to the persons named on the proxy with respect to any other matters that might be brought before the meeting. Those persons intend to vote that proxy in accordance with their best judgment.

6. How will my shares be voted?

To designate how you would like to vote, fill out the proxy card indicating how you would like your votes cast.

If you sign and return the enclosed proxy, but do not specify how to vote, we will vote your shares as follows:

- “FOR” Proposal No. 1 to elect two Class I director nominees, Ms. Sharon Barbari and Mr. Russell Harrison;
- “FOR” Proposal No. 2, the Say-on-Pay Proposal, to approve on a non-binding advisory basis, the compensation paid to our Named Executive Officers for the fiscal year ended March 31, 2018;
- “FOR” Proposal No. 3 to ratify the appointment of Marcum LLP as our independent registered public accounting firm for the fiscal year ending March 31, 2019.
- “FOR” Proposal No. 4 to approve an amendment to our Restated Certificate of Incorporation, as amended, to increase the number of authorized shares of common stock, from 12,000,000 to 24,000,000.

7. Can I change my vote or revoke my proxy?

You may change your vote or revoke your proxy at any time prior to the vote at the Annual Meeting. If you submitted your proxy by mail, you must file with our Secretary, at Sonoma Pharmaceuticals, Inc., 1129 N. McDowell Blvd., Petaluma, California 94954, a written notice of revocation or deliver a valid, later-dated proxy. If you submitted your proxy by telephone or the Internet, you may change your vote or revoke your proxy with a later telephone or Internet proxy, as the case may be. **Attendance at the Annual Meeting will not have the effect of revoking a proxy unless you give written notice of revocation to the Secretary before the proxy is exercised or you vote by written ballot at the Annual Meeting.**

8. What is a broker non-vote and what is the impact of not voting?

A broker “non-vote” occurs when a bank, broker, or nominee holding shares of common stock for a beneficial owner does not vote on one or more proposals because the nominee does not have discretionary voting power on that matter, which is also referred to as holding shares in street name. Your bank or broker does not have discretion to vote uninstructed shares on the proposals in this Proxy Statement, except for Proposal No. 3 to ratify the appointment of our independent registered public accounting firm and Proposal No. 4 to increase out authorized share capital. As a result, if you hold your shares in street name, it is critical that you provide instructions to your bank or broker, if you want your vote to count in the election of directors and the advisory vote related to executive compensation. If you are a stockholder of record and you do not cast your vote, no votes will be cast on your behalf on any of the items of business at the Annual Meeting.

9. What constitutes a quorum?

A quorum is the minimum number of stockholders necessary to conduct the Annual Meeting. The presence at the Annual Meeting, in person or by proxy, of the holders of a majority of common stock outstanding on the Record Date will constitute a quorum. As of the close of business on the Record Date, there were 6,450,490 shares of our common stock outstanding. Votes “for” and “against,” “abstentions,” and broker “non-votes” will all be counted as present to determine whether a quorum has been established.

10. Is cumulative voting permitted for the election of directors?

No, each stockholder may vote only the number of shares he or she owns for a single director candidate.

11. What is the vote required for a proposal to pass?

Proposal No. 1—Election of Directors: The affirmative vote of a plurality of the votes cast of the shares of common stock present or represented and entitled to vote at the Annual Meeting, in person or by proxy, is required for the election of a nominee. Thus, assuming a quorum is present at the Annual Meeting, the two nominees who receive the most affirmative votes will be elected as Class I directors. Abstentions and broker “non-votes” will not have any effect on the voting outcome with respect to the election of directors.

Proposal No. 2—Say-on-Pay: Because this proposal asks for a non-binding, advisory vote, there is no required vote that would constitute approval. We value the opinions expressed by our stockholders in this advisory vote, and our Compensation Committee, which is responsible for overseeing and administering our executive compensation programs, will consider the outcome of the vote when designing our compensation programs and making future compensation decisions for our Named Executive Officers. Abstentions and broker “non-votes,” if any, will not have any impact on this advisory vote.

Proposal No. 3—Ratification of Independent Registered Public Accounting Firm: The affirmative vote of a majority of the votes cast on the proposal at the 2018 Annual Meeting, in person or by proxy, is required to ratify our selection of Marcum LLP as our independent registered public accounting firm for the fiscal year ending March 31, 2019. Abstentions will have the practical effect of a vote to not ratify our selection. Because we believe that Proposal No. 3 is a routine proposal on which a broker or other nominee is generally empowered to vote, broker “non-votes” likely will not result from this proposal. If you are a beneficial owner holding shares through a broker, bank, or other nominee and you do not instruct your broker or bank, your broker or bank may cast a vote on your behalf for this proposal.

Proposal No. 4—Amendment to our Restated Certificate of Incorporation, as amended, to effect an increase in the number of authorized shares of common stock: The affirmative vote of a majority of the outstanding shares of common stock entitled to vote at the Annual Meeting is needed to approve an amendment to our Restated Certificate of Incorporation, as amended, to effect an increase in the number of authorized shares of common stock to equal a total of 24,000,000 authorized shares. Abstentions will have the practical effect of a negative vote. Because we believe that Proposal No. 4 is a routine proposal on which a broker or other nominee is generally empowered to vote, broker “non-votes” likely will not result from this Proposal. If you are the beneficial owner holding shares through a broker, bank or other holder of record and you do not vote on this proposal, your broker may cast a vote on your behalf for this proposal.

Governance

Proposal No. 1 – Election of Directors

Upon the recommendation of the Nominating and Corporate Governance Committee, our Board of Directors has nominated Ms. Sharon Barbari and Mr. Russell Harrison for election at the 2018 Annual Meeting. The Board believes that the nominees' knowledge, skills, and abilities would positively contribute to the function of the Board as a whole. Accordingly, your proxy holder will vote your shares **FOR** the election of the Board's nominees named below unless you instruct otherwise.

Directors and Nominees

At our 2008 Annual Meeting of Stockholders, our stockholders approved an amendment to our Restated Certificate of Incorporation, as amended, which provided that directors are classified into three classes, as nearly equal in number as possible, with each class serving for a staggered three-year term. Our Board currently consists of five directors:

	Name	Position with the Company	Director Since	Term Expires
Class I				
	Sharon Barbari	Class I Director	2014	2018
	Russell Harrison	Class I Director	2014	2018
Class II				
	Jay Bimbaum	Class II Director	2007	2019
	Jim Schutz	Chief Executive Officer and Class II Director	2004	2019
Class III				
	Jerry McLaughlin	Class III Director	2013	2020

With regard to the election of directors, votes may be cast "FOR" or "WITHHOLD." Provided that a quorum is present, the affirmative vote by the holders of a plurality of the shares of common stock present and voting at the Annual Meeting is required to elect the nominees for director.

What am I voting on and what is the required vote?

Stockholders are being asked to elect two Class I Director nominees for a three-year term. The nominees are currently directors of Sonoma. Biographical and related information about all directors, including Ms. Sharon Barbari and Mr. Russell Harrison, who are the nominees for this year's election, is set forth below. Although the Board expects that the nominees will be available to serve as directors, if he or she should be unwilling or unable to serve, the Board may decrease the size of the Board or may designate substitute nominees and the proxies will be voted on such substitute nominees. The affirmative vote of a plurality of the votes cast of the shares of common stock present or represented and entitled to vote at the Annual Meeting, in person or by proxy, is required for the election of a nominee.

Your Board of Directors recommends a vote **FOR** the election of the director nominees, Ms. Sharon Barbari and Mr. Russell Harrison.

Copies of these charters are available on our website at <http://ir.sonomapharma.com/governance.cfm>. Director Independence and Related Person Transactions

Independent Directors

Standard for Independence—We determine independence using the definitions set forth in the Nasdaq Listing Rules and the rules under the Securities Exchange Act of 1934. These definitions define independence based on whether the director or a family member of the director has been employed by the Company in the past three years, how much compensation the director or family member of a director received from the Company, how much stock the director or a family member of the director owns in the Company and whether the director or a family member of the director is associated with the Company's independent auditor.

The Board has determined that the following directors are independent:

- Sharon Barbari;
- Russell Harrison;
- Jerry McLaughlin; and
- Jay Bimbaum.

Related Person Transactions

It is our policy that all employees, officers and directors must avoid any activity that is, or has the appearance of, conflicting with the interests of our Company. This policy is included in our Code of Business Conduct, and our Board formally adopted a Related Party Transaction Policy and Procedures in July 2007 for the approval of interested transactions with persons who are Board members or nominees, executive officers, holders of 5% of our common stock, or family members of any of the foregoing. The Related Party Transaction Policy and Procedures are administered by our Audit Committee. We conduct a review of all related party transactions for potential conflict of interest situations on an ongoing basis and all such transactions relating to executive officers and directors must be approved by the Audit Committee. There have been no relevant related party transactions meeting the disclosure requirements in this period.

Arrangements or Understandings between our Executive Officers or Directors and Others

There are no arrangements or understandings between our executive officers or directors and any other person pursuant to which he was or is to be selected as a director or officer.

Information about Corporate Governance

Board Leadership Structure

Since February 1, 2013, we have had separate individuals serving as Chairman of the Board of Directors and our Principal Executive Officer. Mr. Jim Schutz began serving as our Chief Executive Officer on February 1, 2013. The Board appointed Mr. Jerry McLaughlin to serve as the Lead Independent Director effective March 26, 2014. As Chief Executive Officer, Mr. Schutz manages the day-to-day affairs of the Company and, as Lead Independent Director, Mr. McLaughlin leads the Board meetings and leads the Board in overseeing management.

The Board believes that this structure is currently serving our Company well, and intends to maintain it where appropriate and practicable in the future. We have had varying board leadership models over our history, at times separating the positions of Chairman and Chief Executive Officer and at times combining the two. The Board believes that the right structure should be informed by the needs and circumstances of our Company, the Board and our stockholders, and we believe having an independent director lead the Board best serves these interests.

Risk Oversight Management

The Board of Directors takes an active role, as a whole, and at the committee level, in overseeing management regarding our Company's risks. Our management keeps the Board of Directors apprised of significant risks facing our Company and the approach being taken to understand, manage and mitigate such risks. Specifically, strategic risks are overseen by the full Board of Directors; financial risks are overseen by the Audit Committee; risks relating to compensation plans and arrangements are overseen by the Compensation Committee; risks associated with director independence and potential conflicts of interest are overseen by the Audit Committee or the full Board of Directors. The Board has created in the past and plans to, when necessary in the future, create a Special Transaction Committee to review potential or actual conflicts of interest. Additional review or reporting on enterprise risks is conducted as needed, or as requested by the full Board of Directors, or the appropriate committee.

Director Nominations

The Board of Directors nominates directors for election at each Annual Meeting of Stockholders and appoints new directors to fill vacancies when they arise. The Nominating and Corporate Governance Committee has the responsibility to identify, evaluate, recruit and recommend qualified candidates to the Board of Directors for nomination or election.

One of the Board of Directors' objectives in evaluating director nominations is to ensure that its membership is composed of experienced and dedicated individuals with a diversity of backgrounds, perspectives and skills. The Nominating and Corporate Governance Committee will select nominees for director based on their character, judgment, diversity of experience, business acumen, and ability to act on behalf of all stockholders. We do not have a formal diversity policy. However, the Nominating and Corporate Governance Committee endeavors to have a Board representing diverse viewpoints as well as diverse expertise at policy-making levels in many areas, including business, accounting and finance, healthcare, manufacturing, marketing and sales, education, legal, government affairs, regulatory affairs, research and development, business development, international aspects of our business, technology and in other areas that are relevant to our activities.

The Nominating and Corporate Governance Committee believes that nominees for director should have experience, such as those mentioned above, that may be useful to Sonoma and the Board of Directors, high personal and professional ethics and the willingness and ability to devote sufficient time to carry out effectively their duties as directors. The Nominating and Corporate Governance Committee believes it appropriate for at least one, and, preferably, multiple, members of the Board of Directors to meet the criteria for an "audit committee financial expert" as defined by rules of the SEC, and for a majority of the members of the Board of Directors to meet the definition of "independent director" as defined by the Nasdaq Listing Rules. The Nominating and Corporate Governance Committee also believes it appropriate for key members of our management to participate as members of the Board of Directors. Prior to each Annual Meeting of Stockholders, the Nominating and Corporate Governance Committee identifies nominees first by evaluating the current directors whose term will expire at the Annual Meeting and who are willing to continue in service. These candidates are evaluated based on the criteria described above, including as demonstrated by the candidate's prior service as a director, and the needs of the Board of Directors with respect to the particular talents and experience of its directors. In the event that a director does not wish to continue in service, the Nominating and Corporate Governance Committee determines not to re-nominate the director, or a vacancy is created on the Board of Directors as a result of a resignation, an increase in the size of the Board or other event, the Committee will consider various candidates for Board membership, including those suggested by the Committee members, by other Board members, by any executive search firm engaged by the Committee or by stockholders. The Committee recommended the nominees for election included in this Proxy Statement.

A stockholder who wishes to suggest a prospective nominee for the Board of Directors should notify Sonoma's Secretary, or any member of the Committee, in writing and include any supporting material the stockholder considers appropriate. In addition, our Bylaws contain provisions addressing the process by which a stockholder may nominate an individual to stand for election to the Board of Directors at our Annual Meeting of Stockholders. In order to nominate a candidate for director, a stockholder must give timely notice in writing to Sonoma's Secretary and otherwise comply with the provisions of our Bylaws. To be timely, our Bylaws provide that we must have received the stockholder's notice not earlier than 90 days nor more than 120 days in advance of the one-year anniversary of the date the Proxy Statement was released to the stockholders in connection with the previous year's Annual Meeting of Stockholders; however, if we have not held an Annual Meeting in the previous year or the date of the Annual Meeting is changed by more than 30 days from the date contemplated at the time of the mailing of the prior year's Proxy Statement, we must have received the stockholder's notice not later than the close of business on the later of the 90th day prior to the Annual Meeting or the seventh day following the first public announcement of the Annual Meeting date. Information required by the Bylaws to be in the notice includes the name and contact information for the candidate, the name and contact information of the person making the nomination, and other information about the nominee that must be disclosed in proxy solicitations under Section 14 of the Securities Exchange Act of 1934 and the related rules and regulations under that Section.

Stockholder nominations must be made in accordance with the procedures outlined in, and must include the information required by, our Bylaws and must be addressed to: Secretary, Sonoma Pharmaceuticals, Inc., 1129 N. McDowell Blvd., Petaluma, California 94954. You can obtain a copy of our Bylaws by writing to the Secretary at this address.

Stockholder Communications with the Board of Directors

If you wish to communicate with the Board of Directors, you may send your communication in writing to: Secretary, Sonoma Pharmaceuticals, Inc., 1129 N. McDowell Blvd., Petaluma, California 94954. Please include your name and address in the written communication and indicate whether you are a stockholder of Sonoma. The Secretary will review any communication received from a stockholder, and all material communications from stockholders will be forwarded to the appropriate director or directors or Committee of the Board of Directors based on the subject matter.

Narrative to Director Compensation Table

Non-Employee Director Compensation Plan

Pursuant to our non-employee director compensation plan, as amended on October 26, 2017, during the year ended March 31, 2018 each non-employee director is entitled to the following annual retainers:

• Board Member	\$	32,500
• Lead Independent Director	\$	15,000
• Chair of the Audit Committee	\$	10,000
• Chair of the Compensation Committee	\$	7,500
• Chair of the Nominating and Corporate Governance Committee	\$	7,500
• Audit Committee Member (other than Chair)	\$	7,500
• Compensation Committee Member (other than Chair)	\$	7,500
• Nominating and Corporate Governance Committee Member (other than the Chair)	\$	7,500

All Audit Committee retainers must be paid in cash. All other retainers may be paid in (i) cash, (ii) options or (iii) as a stock grant with an additional cash payment equal to 0.40 multiplied by the number of shares of common stock granted multiplied by the closing price of the common stock on the Nasdaq Capital Market on the day of the grant, at the election of each director. We also reimburse our non-employee directors for reasonable expenses in connection with attendance at Board and committee meetings.

In addition to the annual retainers, non-employee directors are also eligible to receive an annual grant of \$65,000 in shares of common stock, payable in option at the election of a director. The annual grant is made on the same day as the quarterly retainer grant for the second quarter of each fiscal year. Additionally, each non-employee director receiving an annual or initial grant will receive an additional cash payment equal to 0.40 multiplied by the number of shares of common stock granted multiplied by the closing price of the common stock on the Trading Market on the grant date. No annual grant shall be granted to any non-employee director in the same calendar year that such person received his or her initial grant.

Each newly elected or appointed non-employee director will receive our initial grant of 22,500 shares of common stock upon his or her election to the Board of Directors. The initial grant will vest in three equal installments over a period of three years, on the first, second and third anniversary of the grant.

In the interest of good corporate governance and to further align the interests of members of the Board of Directors with the Company's stockholders, the Nominating and Corporate Governance Committee of the Board of Directors has adopted stock ownership guidelines for directors. Under these guidelines, if a director exercises a stock option, it is expected that such director would, from such date of option exercise, maintain ownership of at least a number of shares equal to twenty percent of the net value of the shares acquired (after deducting the exercise price and taxes). In the case of shares acquired upon the exercise of a stock option, each director is expected to hold such shares for nine months after termination of his or her service on the Board of Directors.

In 2017, the Board of Directors amended the non-employee director plan by changing the initial and annual grant from options to restricted shares. The Board of Directors believes granting shares better aligns the interests of the Board of Directors with the shareholders and increases the stock ownership among the Board of Directors. The amounts for the annual retainers remain unchanged.

Compensation Overview

We qualify as a “smaller reporting company” under the rules promulgated by the Securities and Exchange Commission, and we have elected to comply with the disclosure requirements applicable to smaller reporting companies. Accordingly, this executive compensation summary is not intended to meet the “Compensation Discussion and Analysis” disclosure required of larger reporting companies.

Role of the Compensation Committee

The Compensation Committee’s primary functions are to assist the Board of Directors in meeting its responsibilities in regards to oversight and determination of executive compensation and to review and make recommendations with respect to our major compensation plans, policies and programs. All compensation for our executive officers is determined by the Compensation Committee of our Board of Directors, which is composed only of independent directors. The Compensation Committee is charged with the responsibility of setting performance targets under the executive bonus plan, reviewing their performance and establishing the total compensation of our executive officers on an annual basis. The Compensation Committee often discusses compensation matters as part of regularly scheduled Board and committee meetings. The Compensation Committee administers our 2011 Stock Incentive Plan and our 2016 Equity Incentive Plan, and is responsible for approving grants of equity awards under such plans. The Compensation Committee acts under the authority of a written charter, which is available on our website at <http://ir.sonomapharma.com/governance.cfm>.

Compensation Philosophy and Objectives

Our compensation philosophy for our Named Executive Officers is the same as for all our employees and is governed by the following principles. The Compensation Committee’s compensation objectives are to:

- attract and retain highly qualified individuals with a demonstrated record of achievement;
- reward past performance;
- provide appropriate incentives for future performance; and
- align the interests of our executive officers with the interests of the stockholders.

To achieve this, we currently offer a competitive total compensation package consisting of: base salary; annual equity program; annual performance bonuses; and employee benefits, including group life insurance, health and dental care insurance; and certain other perquisites, including personal use of a Company automobile.

The Compensation Committee considers, with respect to each of our executive officers, the total compensation that may be awarded, including base salary, annual incentive compensation, long-term incentive compensation, and other benefits, such as discretionary cash bonuses, perquisites and other personal benefits available to each executive officer or that may be received by such executive officer under certain circumstances, including compensation payable upon termination of the executive officer under an employment agreement or severance agreement (if applicable) to determine final compensation. The Compensation Committee's overall goal is to award compensation that is reasonable when all elements of potential compensation are considered. The Compensation Committee believes that cash compensation in the form of base salary and an annual incentive bonus provides the executives with short-term rewards for success in operations, and that long-term compensation through the award of stock options, and other equity awards aligns the objectives of management with those of our stockholders with respect to long-term performance and success.

The Compensation Committee also has historically focused on our financial and working capital condition when making compensation decisions and approving performance objectives. Because the Company has historically sought to preserve cash and currently does not operate at a profit, overall compensation traditionally has been weighted more heavily toward equity-based compensation. The Compensation Committee will continue to periodically reassess the appropriate weighting of cash and equity compensation in light of the Company's expenditures in connection with commercial operations and its working capital needs.

Compensation Structure

Our executive compensation program consists of the following forms of compensation:

- Base Salary;
- Annual Equity Program;
- Annual Performance Bonus; and
- Employee Benefit Program.

1. Base Salary: The Compensation Committee believes it is important to provide adequate fixed compensation to our executive officers. The Compensation Committee believes base salaries should be at the appropriate cash compensation level that will allow us to attract and retain highly skilled executives. The Compensation Committee's choice of a 50% target percentile of comparable companies reflects consideration of our stockholders' interests in paying what is necessary to achieve our corporate goals, while conserving cash as much as practicable. In determining appropriate base salary levels for a given executive officer, the Compensation Committee considers the following factors:

- individual performance of the executive, as well as overall performance, during the prior year;
- level of responsibility, including breadth, scope and complexity of the position;
- level of experience and expertise of the executive;
- internal review of the executive's compensation relative to other executives to ensure internal equity; and
- executive officer compensation levels at other similar companies to ensure competitiveness.

Salaries for executive officers are determined on an individual basis at the time of hire. Adjustments to base salary are considered annually in light of each executive officer's individual performance, the Company's performance and compensation levels at peer companies in our industry, as well as changes in job responsibilities or promotion.

2. Annual Equity Program: As an additional component of our compensation program, the Compensation Committee may grant to our executive officers' equity compensation in the form of stock options, restricted stock units or shares of common stock with or without vesting schedule. The goal of the annual equity program is to align the interests of our executive officers with those of our stockholders, especially in the long-term. The stock options are designed to create an incentive for the executive officers to maximize stockholder value and to remain employed with the Company despite a competitive labor market.

Equity may be granted once annually to existing employees, including executive officers, and upon a new hire or promotion, and could be subject to vesting over time, qualified on the individual's continued employment. The target date to issue equity is promptly after we file our second quarter 10-Q. The exercise price of the stock options will equal the closing price of our common stock published by Nasdaq on the date of the grant and the term of the options will be 10 years from the date of the grant. The Compensation Committee targets equity compensation to be at or near the 75th percentile of comparable companies. The Compensation Committee will review the annual equity program annually.

The Compensation Committee has sole discretion with respect to the tax treatment for equity awards and may decide to (1) pay a cash tax gross-up of up to 40%, (2) facilitate the sale of a sufficient number of the granted shares to cover taxes, or (3) require employees to be responsible for their own taxes. Any cash tax gross-up or sale of shares to cover taxes will be calculated based on the closing stock price of the shares on the date of vesting of the shares and will be paid in proportion to the vesting schedule of the shares.

3. Performance Bonus Plan: Our performance bonus plan is described in further detail below in the section entitled "*Annual Performance Bonus Plan.*"

4. Employee Benefit Program: Executive officers are eligible to participate in all of our available employee benefit plans, including medical, dental, vision, group life, disability and tax-qualified retirement savings plans, such as 401(k), in each case on the same basis as other employees, subject to applicable law. We also provide vacation and other paid holidays to all employees, including executive officers, all of which the Compensation Committee believes to be comparable to those provided at peer companies. These benefit programs are designed to enable us to attract and retain workforce in a competitive marketplace. Health, welfare and vacation benefits ensure that we have a productive and focused workforce through reliable and competitive health and other benefits.

We believe our approach to goal setting, setting of targets with payouts at multiple levels of performance, and evaluation of performance results assist in mitigating excessive risk-taking that could harm our value or reward poor judgment by our executive officers.

Employment Agreements and Potential Payments upon Termination

Employment Agreements with Mr. Jim Schutz and Mr. Robert Miller

On July 26, 2016, we entered into a new employment agreement with Jim Schutz, our President and Chief Executive Officer, to update his agreement and responsibilities. On November 30, 2016, we entered into a new employment agreement with Robert Miller, our Chief Financial Officer. On November 30, 2016, as a signing bonus for executing new employment agreements, we granted to both Jim Schutz and Robert Miller options to purchase 50,000 shares of our common stock. The options vested immediately on the day of grant and have an exercise price of \$4.81 per share, which was the closing price of our stock on November 30, 2016. The options expire on November 30, 2026.

The terms of the new employment agreements provide for a continued annual base salary of \$250,000 each, or such other amount as the Board of Directors may set. In addition, Mr. Schutz and Mr. Miller are eligible to receive an annual bonus, the payment, type and amount of which is in the sole discretion of the Compensation Committee. Mr. Schutz and Mr. Miller also receive certain benefits, such as participation in our health and welfare plans, vacation and reimbursement of expenses.

The employment agreements provide Mr. Schutz and Mr. Miller with certain separation benefits in the event of termination without cause, upon change of control or resignation by the executive for good reason, as such terms are defined in the employment agreements. In the event Mr. Schutz or Mr. Miller are terminated without cause, or upon change of control, or resigns for good reason, the executive is entitled to:

- a lump severance payment equal to one-and-a-half times the executive's base salary;
- a bonus, upon determination by the Corporation's Board of Directors or Compensation Committee, as appropriate, to be made in its sole discretion as to whether to grant a bonus, and if such bonus is granted, the amount, form and payment schedule. For the avoidance of doubt, executive shall not be entitled to any bonus solely for reason of termination, unless the Board of Directors or the Compensation Committee, as appropriate, in its sole discretion awards a bonus to executive;
- automatic vesting of all unvested time-based options and equity awards and exercisability of awards for the remainder of their respective terms;
- vesting of performance-based equity compensation awards in accordance with the terms of the awards, if the performance goals are satisfied; and
- up to 18 months (the lesser of one year following the date of termination or until such executive becomes eligible for medical insurance coverage provided by another employer) reimbursement for health care premiums under COBRA.

Mr. Schutz and Mr. Miller may terminate their employment for any reason upon at least 30 days prior written notice. Receipt of the termination benefits described above is contingent on each executive executing a general release of claims against our Company, their resignation from any and all directorships and every other position held by them with our Company or any of our subsidiaries, and their return to our Company of all Company property received from or on account of our Company or any of our affiliates by such executive. In addition, the executive is not entitled to such benefits if he did not comply with the non-competition and invention assignment provisions of his employment agreement during the term of his employment or the confidentiality provisions of his employment agreement, whether during or after the term of his employment. Furthermore, we are under no obligation to pay the above-mentioned benefits if the executive does not comply with the non-solicitation provisions of his employment agreement, which prohibit a terminated executive from interfering with the business relations of our Company or any of our affiliates and from soliciting employees of our Company. These provisions apply during the term of employment and for two years following termination.

In connection with the entry into the new agreements, the Compensation Committee intended to eliminate certain outdated pay practices, including providing a full tax gross up upon termination, automatic vesting of all performance-based equity awards under certain circumstances, and single-trigger change of control payments. Additionally, the Compensation Committee wanted to bring the employment agreements in line with current law by adding provisions.

Employment Agreement with Mr. Jeffrey Day

On November 30, 2016, we entered into a new employment agreement with Jeffrey Day, our President of IntraDerm™ Pharmaceuticals division, to update his agreements and responsibilities.

The terms of the new employment agreement provide for a continued annual base salary of \$232,000 or such other amount as the Board of Directors may set. In addition, Mr. Day is eligible to receive an annual bonus, the payment, type and amount of which is in the sole discretion of the Compensation Committee. Mr. Day also receives certain benefits, such as participation in our health and welfare plans, vacation, reimbursement of expenses, and a car allowance in the amount of \$750 per month, which car allowance may be increased, decreased, or eliminated in our sole discretion.

The employment agreement provides Mr. Day with certain separation benefits in the event of termination without cause, upon change of control or resignation by him for good reason; as such terms are defined in the employment agreement. In the event Mr. Day is terminated without cause, or upon change of control, or resigns for good reason, Mr. Day is entitled to:

- a severance payment equal to one-time Mr. Day's base salary, to be paid in six equal monthly installments;
- a bonus, upon determination by the Corporation's Board of Directors or Compensation Committee, as appropriate, to be made in its sole discretion as to whether to grant a bonus, and if such bonus is granted, the amount, form and payment schedule. For the avoidance of doubt, Mr. Day shall not be entitled to any bonus solely for reason of termination, unless the Board of Directors or the Compensation Committee, as appropriate, in its sole discretion awards such bonus;
- automatic vesting of all unvested time-based options and equity awards and exercisability of awards for the remainder of their respective terms;
- vesting of performance-based equity compensation awards in accordance with the terms of the awards, if the applicable performance goals are satisfied, such determination to be in the sole discretion of the Compensation Committee or the Board, as the case may be; and
- reimbursement for health care premiums under COBRA until the earliest of: (i) one year following the date of termination; (ii) the date Mr. Day is no longer eligible to receive COBRA continuation coverage; or (iii) until Mr. Day becomes eligible for medical insurance coverage provided by another employer.

Mr. Day may terminate his employment for any reason upon at least 30 days prior written notice. Receipt of the termination benefits described above is contingent on Mr. Day executing a general release of claims against our Company, his resignation from any and all directorships and every other position held by him with our Company or any of our subsidiaries, and his return to our Company of all Company property received from or on account of our Company or any of our affiliates by him. In addition, Mr. Day is not entitled to such benefits if he did not comply with the non-competition and invention assignment provisions of his employment agreement during the term of his employment or the confidentiality provisions of his employment agreement, whether during or after the term of his employment. Furthermore, we are under no obligation to pay the above-mentioned benefits if he does not comply with the non-solicitation provisions of his employment agreement, which prohibit a terminated executive from interfering with the business relations of our Company or any of our affiliates and from soliciting employees of our Company. These provisions apply during the term of employment and for two years following termination.

Potential Payments upon Termination

The table below was prepared as though each of Messrs. Schutz, Miller and Day had been terminated on March 31, 2018, the last day of our last completed fiscal year, without cause, or upon change of control, or resigned for good reason, as these terms are defined in the agreements with our Company. More detailed information about the payment of benefits, including duration, is contained in the discussion above. In addition to salary and benefits, the Compensation Committee or the Board of Directors may also award a discretionary bonus, the amount, type and payment of which is at the sole discretion of the Committee or Board. All such payments and benefits would be provided by us. The assumptions and valuations are noted in the footnotes.

Annual Performance Bonus Plan

Pursuant to our annual bonus plan, our executive officers, including Messrs. Schutz, Miller and Day have the potential to earn an annual bonus based on the individual's contribution to our Company's target goals and milestones. The performance bonus plan is designed to reward long and short-term performance of our executive officers. The performance bonus plan establishes specific target goals and milestones and a bonus range for each executive officer to reward performance and individual and collective contribution to our performance. The Compensation Committee will determine a maximum bonus potential for each executive officer. At its sole discretion, the Compensation Committee will determine whether to pay out the bonus, as earned, after the end of the fiscal year in cash, shares of stock, restricted stock units, stock options or a combination thereof.

The Compensation Committee has sole discretion with respect to the tax treatment for stock awards and may decide to (1) pay a cash tax gross-up of up to 40%, (2) facilitate the sale of a sufficient number of the granted shares to cover taxes, or (3) require the recipient to be responsible for his or her own taxes. Any cash tax gross-up or sale of shares to cover taxes will be calculated based on the closing stock price of the shares on the date of vesting of the shares, and will be paid in proportion to the vesting schedule of the shares.

The performance bonus is not an entitlement or guarantee of payment of bonus but rather memorializes the potential for bonuses for executive officers if they meet their respective target goals and milestones, as set out in the plan. For the avoidance of doubt, the Compensation Committee may determine that no bonus is payable to any or all executive officers. All decisions of the Compensation Committee are final.

The Compensation Committee will evaluate the performance of our executive officers against the corporate goals and objectives contained in the performance bonus plan after completion of each fiscal year and receipt of audited financial results of operations, on such date as determined by the Compensation Committee (except as otherwise expressly provided herein).

The Compensation Committee will review and consider changes and, if appropriate, make changes to the performance bonus plan for the following fiscal year during or at the end of each fiscal year and any other fiscal year for which the Compensation Committee resolves to extend the plan. The Compensation Committee shall have absolute sole discretion to amend the plan at any time.

The Compensation Committee is empowered to make additional awards to executive officers in its sole discretion. Any other awards to executive officers that may be made under the performance bonus plan may be made in the form of cash, restricted stock units, stock options or stock or a combination thereof as determined solely by the Compensation Committee.

In determining whether stock awards shall be made, the Compensation Committee will take into consideration the shares available for grant under our Stock Incentive Plans, our contractual obligations to grant options, and whether it is appropriate to grant additional awards to attract or retain talented officers, other employees or consultants. In no event shall the number of options, units or stock granted exceed the number of shares authorized and available for awards to be made under our Stock Incentive Plans plus the known contractual obligations to grant options in the next one-year period. Options, units or stock will be granted in compliance with all applicable securities laws.

The performance bonus plan not intended to adjust the executive officers' base salary. To be eligible to receive an award or payment of a bonus, including vesting of stock, units or options, under the plan, each executive officer must remain employed and in good standing with the Company as further described in our Stock Incentive Plans.

2018 Bonus Awards for Named Executive Officers

On July 24, 2017, the Compensation Committee approved our bonus plan for fiscal year 2018. The 2018 performance bonus plan covered bonuses earned through March 31, 2018. Pursuant to the 2018 bonus plan, our executive officers had the potential to earn a performance bonus based on the Compensation Committee's assessment of the individual's performance towards target goals and milestones. Each executive officer's performance was measured against three target goals which varied depending on that executive's role within the Company. Bonuses will be paid in cash, options and/or shares of our common stock at the discretion of the Compensation Committee. The potential 2018 bonus range for each officer was:

- Chief Executive and Financial Officer: \$127,500 - \$187,500, with a target of 100% total bonus of \$150,000;
- Chief Operating Officer, Executive Vice Presidents, President of IntraDerm Pharmaceuticals: \$106,250 - \$156,250, with a target of 100% total bonus of \$125,000.

The President of IntraDerm Pharmaceuticals, Jeff Day, was also eligible for quarterly cash bonuses during fiscal year 2018. The Compensation Committee determined that the cash bonus will be \$10,000 for each quarter, with a maximum of \$40,000, provided the milestone has been met. None of the quarterly cash bonus was earned or paid for fiscal year 2018.

On July 20, 2018, the Compensation Committee determined the FY 2018 bonuses of the executive officers based on the achievements of the Company and the officers during fiscal year 2018, and awarded the following bonuses:

Name	Total Bonus awarded (\$)	Number of stock options granted (1)
Jim Schutz	139,462	67,733
Robert Miller	139,462	67,733
Jeff Day	0	0

(1) The stock options have an exercise price of \$2.41 per share which equals the closing price of our common stock on July 20, 2018. The options have a 10-year term and are immediately vested.

2019 Bonus Plan Structure for Named Executive Officers

On July 16, 2018 the Compensation Committee approved our bonus plan for the fiscal year 2019. The 2019 performance bonus plan covers bonuses earned through March 31, 2019. Pursuant to the 2019 bonus plan, our executive officers have the potential to earn a performance bonus based on the Compensation Committee's assessment of the individual's performance toward target goals and milestones. Each executive officer's performance is measured against four target goals which vary depending on the executive's role within the Company. Three of the goals measure financial performance and one of the goals relates to the achievement of certain specific objectives. A bonus will only be earned if at least two or three of the goals are met, depending on the executive officer's individual plan. Bonuses may be paid in cash, units, options, and/or shares of our common stock at the discretion of the Compensation Committee. The potential 2019 bonus range for each officer is:

- Chief Executive and Financial Officer: \$127,500-\$187,500, with a target of 100% bonus of \$150,000;
- Chief Operating Officer, Executive Vice President, President of IntraDerm Pharmaceuticals: \$106,250-\$156,250, with a target of 100% total bonus of \$125,000.

The President of IntraDerm Pharmaceuticals will also be eligible for quarterly cash bonuses during fiscal year 2019. The Compensation Committee determined that the cash bonus will be \$10,000 for each quarter and set certain performance milestones, with a maximum of \$40,000, provided the milestone has been met.

Narrative to Outstanding Equity Awards Table

Retirement Benefits

On January 1, 2011, we established a qualified 401(k) employee savings and retirement plan for all regular full-time U.S. employees. Eligible employees may elect to defer a percentage of their eligible compensation in the 401(k) plan, subject to the statutorily prescribed annual limit. We may make matching contributions on behalf of all participants in the 401(k) plan in the amount equal to 4% of an employee's contributions. All contributions are immediately fully vested. We intend the 401(k) plan to qualify under Sections 401(k) and 501 of the Internal Revenue Code of 1986, as amended, so that contributions by employees or us to the 401(k) plan and income earned, if any, on plan contributions are not taxable to employees until withdrawn from the 401(k) plan (except as regards Roth contributions), and so that we will be able to deduct our contributions when made. The trustee of the 401(k) plan, at the direction of each participant, invests the assets of the 401(k) plan in any of a number of investment options. Company contributions to the 401(k) plan amounted to an aggregate of \$281,000 and \$196,000 for the years ended March 31, 2018 and 2017, respectively.

Proposal No. 2 – Advisory Approval of Executive Compensation

Pursuant to Section 14A of the Securities Exchange Act of 1934, we are asking stockholders to cast an advisory vote to approve the compensation on our Named Executive Officers for the fiscal year ended March 31, 2018, as discussed in the section entitled "*Executive Compensation*" in this Proxy Statement. While this vote is non-binding, we value the opinions of our stockholders and, consistent with our record of shareholder engagement, will consider the outcome of the vote when making future compensation decisions. This proposal, commonly known as a "say-on-pay" proposal, gives you, as a stockholder, the opportunity to endorse the executive compensation programs and policies and the compensation paid to our Named Executive Officers for the fiscal year ended March 31, 2018.

We believe in the power of open disclosure and know the only way to build and strengthen our reputation and our Company is through honesty and trust. In connection with that belief and as required by SEC rules, we are asking our stockholders to approve, on an advisory basis, the compensation that we paid to our Named Executive Officers for the fiscal year ended March 31, 2018.

As discussed under the heading "*Compensation Overview*" in this Proxy Statement, the Compensation Committee's compensation objectives are to: attract and retain highly qualified individuals with a demonstrated record of achievement; reward past performance; provide incentives for future performance; and align the interests of the Named Executive Officers with the interests of our stockholders. The Board is asking stockholders to support this proposal based on the disclosure set forth in these sections of this Proxy Statement, which, among other things, demonstrates:

- our commitment to ensuring executive compensation is aligned with our corporate strategies and business objectives and is competitive with those of other companies in our industry;

- the design of our compensation programs is intended to reward our Named Executive Officers for the achievement of key strategic and financial performance measures by linking short- and long-term cash and equity incentives to the achievement of measurable corporate and individual performance goals; and
- our strong emphasis on the alignment of the incentives of our Named Executive Officers with the creation of increased stockholder value.

Our executive compensation approval rating has greatly increased in the past years from 51% in 2015 to over 80% in 2017 and 93% in 2018. In a continued effort to improve our performance and compensation, the Compensation Committee, revised its annual bonus plan to create more long-term incentives for our Named Executive Officers. Management is continuously seeking investor engagement and has spoken with numerous large and small investors during the past year in an effort to highlight the progress the Company is making.

We are asking our stockholders to vote **FOR**, in a non-binding vote, the following resolution:

“RESOLVED, the shareholders of Sonoma Pharmaceuticals, Inc. approve on an advisory basis, the compensation paid to our Named Executive Officers as disclosed pursuant to the compensation disclosure rules of the SEC, including the compensation tables and accompanying narrative disclosure under the heading “*Executive Compensation*” included in the Proxy Statement.”

Equity Compensation Plan Information

Pursuant to Item 201(d) of Regulation S-K, "Securities Authorized for Issuance Under Equity Compensation Plans," we are providing the following information summarizing information about our equity compensation plans as of March 31, 2018. All share numbers have been updated for the 1-for-5 reverse stock split of the Company's common stock effective as of June 24, 2016.

Plan Category	Number of Securities to be Issued Upon Exercise of Outstanding Options and Rights	Weighted Average Exercise Price of Outstanding Options and Rights	Number of Securities Remaining Available for Future Issuance Under Equity Compensation Plans (excluding securities reflected in column (a))
Equity Compensation Plans Approved by Security Holders	1,425,000	\$12.41	1,455,000
Equity Compensation Plans Not Approved by Security Holders	--	--	--
Total	1,425,000	\$12.41	1,455,000

Our Amended and Restated 2006 Stock Incentive Plan and our 2011 Stock Incentive Plan were adopted with the approval of our stockholders, and we have previously provided the material terms of such plans.

Our 2016 Equity Incentive Plan was adopted with the approval of our stockholders on September 16, 2016. The 2016 Plan replaced our Amended and Restated 2006 Stock Incentive Plan, which expired by its terms on August 25, 2016. The 2016 Plan initially authorized the issuance of up to 400,000 shares of our common stock pursuant to awards to be granted under the 2016 Plan. On April 1, 2017, the number of shares for issuance under the 2016 Plan increased by 343,137, which is an amount equal to the lesser of (i) 8% of the number of outstanding shares of common stock on the last day of the immediately preceding year or (ii) an amount determined by the Board.

The 2016 Plan is administered by the Compensation Committee or, in the Board's sole discretion, by the Board. The Compensation Committee has full authority to determine the type and terms of Awards, including:

- which Employees, Consultants, and Directors will be granted Awards;
- the number of shares subject to each Award;
- the vesting, duration, cancellation, and termination provisions of each Award; and
- all other terms and conditions upon which an Award may be granted in accordance with the 2016 Plan.

In addition, the Compensation Committee has full authority to interpret the 2016 Plan and apply its provisions, and may take any necessary or advisable actions for the administration of the 2016 Plan. The Compensation Committee may, in its discretion, amend any term or condition of an outstanding Award, subject to applicable legal restrictions and to the consent of the Participant if the Participant's rights or obligations would be materially impaired. The 2016 Plan provides that awards of options, stock, performance awards or stock appreciation rights may be granted to Employees, Directors, and Consultants who, as determined by the Compensation Committee, are in a position to make significant contributions to our long-term success.

Incentive Stock Options may be granted only to Employees. The exercise price of a Stock Option may not be less than 100% of the Fair Market Value of our common stock on the date of grant and may not have a term longer than ten years. However, if an Incentive Stock Option is granted to an individual who owns more than 10% of the combined voting power of all our classes of stock, the exercise price may not be less than 110% of the fair market value of our common stock on the date of grant and the term of the Incentive Stock Option may not be longer than five years.

In the event of changes in the outstanding common stock or in the capital structure of the Company due to any stock or extraordinary cash dividend, stock split, reverse stock split, an extraordinary corporate transaction such as reorganization, Awards granted under the 2016 Plan will be equitably adjusted or substituted, as to the number, price or kind of a share of Award to the extent necessary to preserve the economic intent of such Award. Upon a corporate transaction, outstanding Awards granted under the 2016 Plan will be subject to the agreement of merger or reorganization. Such agreement shall provide for:

- the continuation of outstanding Awards by us, if we are a surviving corporation;
- the assumption of the outstanding Awards by the surviving corporation or its parent or subsidiary;
- the substitution by the surviving corporation or its parent or subsidiary of its own awards for the outstanding Awards;
- full exercisability or vesting and accelerated expiration of the outstanding Awards; or
- settlement of the full value of the outstanding Awards in cash or cash equivalents followed by cancellation of such Awards.

Upon a Change in Control, Options and Stock Appreciation Rights will become immediately exercisable with respect to 100 percent of the shares subject to such Options or Stock Appreciation Rights, and/or the Restricted Period will expire immediately with respect to 100 percent of the shares of Restricted Stock or Restricted Stock Units. In addition, immediately upon a Change in Control, all outstanding Performance Compensation Awards will immediately lapse, and the Compensation Committee will determine the Awards to be paid to the Participant according to the extent to which Performance Goals have been met.

The 2016 Plan will terminate automatically on September 2, 2026, unless terminated earlier by the Board of Directors or extended by the Board of Directors with the approval of the stockholders. The Board of Directors may amend or terminate the 2016 Plan at any time and from time to time. An amendment of the 2016 Plan shall be subject to the approval of our stockholders only to the extent required by applicable laws, regulations or rules, or as otherwise determined at the time by the Board. However, no amendment or termination may materially impair any rights or obligations under any outstanding Award without the Participant's consent.

Security Ownership of Certain Beneficial Owners

The following tables set forth certain information as of July 16, 2018, as to shares of our common stock beneficially owned by: (1) shareholders known to us who own more than 5%, (2) each of our Named Executive Officers listed in the Summary Compensation Table, (3) each of our current directors and (4) all of our directors and executive officers as a group.

We have determined beneficial ownership in accordance with the rules of the SEC. Except as indicated by the footnotes below, we believe, based on the information furnished to us, that the persons and entities named in the table below have sole voting and investment power with respect to all shares of common stock that they beneficially own, subject to applicable community property laws.

In computing the number of shares of common stock beneficially owned by a person and the percentage ownership of that person, we deemed outstanding shares of common stock subject to options held by that person that are currently exercisable or exercisable upon vesting. We did not deem these shares outstanding, however, for the purpose of computing the percentage ownership of any other person. Share numbers have been adjusted for the 1-for-5 reverse stock split effective June 24, 2016.

Section 16(a) Beneficial Ownership Reporting Compliance

Section 16(a) of the Securities Exchange Act of 1934 requires our executive officers and directors, and persons who own more than 10% of a registered class of our equity securities, to file reports of ownership on Forms 3, 4 and 5 with the SEC. Officers, directors and greater than 10% stockholders are required to furnish us with copies of all Forms 3, 4 and 5 they file.

Based solely on our review of the copies of such forms we have received and written representations from certain reporting person that they filed all required reports, we believe that all of our officers, directors and greater than 10% stockholders complied with all Section 16(a) filing requirements applicable to them with respect to transactions during fiscal year 2018.

Audit Matters

Report of the Audit Committee

The Audit Committee operates under a written charter adopted by the Board of Directors. A copy of the charter is available on our website at <http://ir.sonomapharma.com/governance.cfm>. All members of the Audit Committee meet the independence standards established by the Nasdaq Listing Rules. Ms. Barbari, the Chair of the Audit Committee, meets the SEC standard for “audit committee financial expert.”

The Audit Committee assists the Board of Directors in fulfilling its responsibility to oversee management’s implementation of Sonoma’s financial reporting process. It is not the duty of the Audit Committee to plan or conduct audits or to determine that the financial statements are complete and accurate and are in accordance with generally accepted accounting principles, or to assess the Company’s internal control over financial reporting. Management is responsible for the financial statements and the reporting process, including the system of internal control over financial reporting and disclosure controls. The independent registered public accounting firm is responsible for expressing an opinion on the conformity of those financial statements with accounting principles generally accepted in the United States.

In discharging its oversight role, the Audit Committee reviewed and discussed the audited financial statements contained in the 2018 Annual Report with Sonoma’s management and the independent registered public accounting firm.

The Audit Committee met privately with the independent registered public accounting firm, and discussed issues deemed significant by the independent registered public accounting firm, including the matters required by statement on Auditing Standards No. 1301, as adopted by the Public Company Accounting Oversight Board. In addition, the Audit Committee has received the written disclosures and the letter from the independent registered public accounting firm required by applicable requirements of the Public Company Accounting Oversight Board regarding the independent registered public accounting firm’s communications with the Audit Committee concerning independence, and has discussed with the independent registered public accounting firm the firm’s independence from Sonoma and its management.

The Audit Committee has discussed with Sonoma’s independent registered public accounting firm, with and without management present, their evaluations of Sonoma’s internal control over financial reporting and the overall quality of Sonoma’s financial reporting.

In reliance on the reviews and discussion with management and the independent registered public accounting firm referred to above, the Audit Committee recommended to the Board of Directors, and the Board approved, the inclusion of the audited financial statements in Sonoma's Annual Report on Form 10-K for the year ended March 31, 2018, for filing with the SEC. The Audit Committee has appointed Marcum LLP to serve as Sonoma's independent registered public accounting firm for the fiscal year ending March 31, 2019.

Proposal No. 3 – Ratification of the Appointment of Marcum LLP

The Audit Committee has appointed Marcum LLP as our independent registered public Accounting Firm for the fiscal year ending March 31, 2019. We do not expect representatives from Marcum LLP to be present at the 2018 Annual Meeting. Although stockholder ratification of our independent registered public accounting firm is not required by our Bylaws or otherwise, we are submitting the selection of Marcum LLP to our stockholders for ratification to permit stockholders to participate in this important corporate decision.

Principal Accountant Fees and Services

Marcum LLP has audited our financial statements since April 2006. Aggregate fees for profession services provided to us by Marcum LLP for the years ended March 31, 2018 and 2017, were as follows:

	Years Ended March 31,	
	2018	2017
Audit Fees	\$ 246,700	\$ 294,396
Audit-Related Fees	12,101	24,434
Tax Fees	-	--
All Other Fees	-	--
Total	\$ 258,800	\$ 288,830

Audit fees. The aggregate fees billed for the years ended March 31, 2018 and 2017, for professional services rendered by our principal independent registered public accounting firm were for the audit of our annual financial statements and the review of our quarterly financial information filed on Form 10-Q.

Audit-related fees. For the years ended March 31, 2018 and 2017, audit-related fees included services provided by our principal independent registered public accounting firm in connection with consents related to filings of registration statements, comfort letters, and review of our filings with the SEC.

Audit Committee Pre-Approval Policies and Procedures

The Audit Committee has established a policy to pre-approve all audit and permissible non-audit services provided by our independent registered public accounting firm. All of the services provided during fiscal year 2018 were pre-approved.

During the approval process, the Audit Committee considered the impact of the types of services and the related fees on the independence of the independent registered public accounting firm. The services and fees were deemed compatible with the maintenance of that firm's independence, including compliance with rules and regulations of the SEC. Throughout the year, the Audit Committee will review any revisions to the estimates of audit fees initially estimated for the current year's engagement.

Required Vote

Ratification of the appointment of Marcum LLP requires the affirmative vote of a majority of the shares present and voting at the Annual Meeting in person or by proxy. Unless marked to the contrary, proxies received will be voted "FOR" ratification of the appointment. In the event ratification is not obtained, the Audit Committee will review its future selection of our independent registered public accounting firm but will not be required to select a different independent registered public accounting firm.

Your Board of Directors recommends a vote **FOR** the ratification of Marcum LLP as our independent registered public accounting firm for the fiscal year ending March 31, 2019.

Other Matters

Proposal No. 4 – Amendment of our Restated Certificate of Incorporation, as amended, to increase the number of authorized shares of common stock, \$0.0001 par value per share from 12,000,000 to a total of 24,000,000 shares

General

Our Board of Directors has unanimously adopted a resolution approving, declaring advisable, and recommending to the stockholders to approve an amendment to the Company's Restated Certificate of Incorporation, as amended, to increase the number of authorized common stock, \$0.0001 par value per share, from 12,000,000 to a total number of 24,000,000 shares, or the Authorized Share Increase.

Approval of this proposal will grant the Board the authority, without further action by the stockholders, to carry out the amendment to the Restated Certificate of Incorporation, as amended, after the date stockholder approval for the amendment is obtained. Upon such action of the Board, the Authorized Share Increase will become effective upon the filing of an amendment to our Restated Certificate of Incorporation, as amended, with the Secretary of State of the State of Delaware, or the Certificate of Amendment.

The amendment to our Restated Certificate of Incorporation, as amended, to effect the Authorized Share Increase will not change the terms of our common stock. After the Authorized Share Increase, the par value of our common stock will remain unchanged at \$0.0001 per share and shares of common stock will have the same voting rights and will be identical in all other respects to the common stock currently authorized.

Certain of our officers and directors have an interest in this Authorized Share Increase as a result of their ownership of shares of stock of the Company, as discussed in further detail in the section entitled "*Security Ownership of Certain Beneficial Owners and Management*" set forth.

Effective Date of Authorized Share Increase

The Authorized Share Increase will become effective upon the filing of the Certificate of Amendment with the Secretary of State of the State of Delaware. The text of the form of the Certificate of Amendment relating to this proposal, which we would file with the Secretary of State of the State of Delaware to effect the Authorized Share Increase, is attached to this Proxy Statement as [Appendix B](#).

Background and Reasons for the Authorized Share Increase

We currently have 12,000,000 shares of authorized common stock. As of July 16, 2018, we had 6,432,749 shares of common stock outstanding and have committed to issue approximately 3,000,000 shares of common stock upon the exercise of outstanding stock options and warrants. It is possible that some or all of the currently outstanding options and warrants will not be exercised and the shares of common stock we have reserved to satisfy our obligations under the terms of those securities may never be issued. If options or warrants expire prior to exercise, then the shares we have reserved in the event they are exercised may be used for other purposes. Assuming all options and warrants are exercised, we would have approximately 2,500,000 shares of common stock available for issuance. The Board believes this number is insufficient for the Company's needs for the next two to five years.

The Board recommends the Authorized Share Increase for the following reasons:

- The Board believes that the ability to offer stock or stock options as part of a competitive compensation package is crucial in attracting and retaining the highly skilled officers, directors and employees on which our success relies. Additionally, the Board believes stock options motivate employees to invest their time, talents, and energy into the long-term success of the Company more so than if they did not own stock or have stock options. The Board further believes that granting stock options to directors, officers and employees aligns them with the interests of shareholders.
- The Board believes we do not currently have enough authorized shares of common stock to carry out our business plan. We have added a domestic sales force and plan to further develop new products, particularly in our dermatology product line, and expand the geographical reach of our products. The Board believes these initiatives may increase our revenues and re-ignite growth for the Company. Our current cash flow will not provide sufficient capital for these new initiatives and therefore, in order to implement our business plan, we may need to raise capital most likely by selling equity securities. We do not currently have any plans to issue equity securities approved by this proposal to raise capital for the Company.

- The Board believes that the ability to issue equity securities in the future will allow the Company flexibility in meeting its routine financial obligations, raising capital if needed and/or issuing equity securities to acquire assets or businesses or to engage in strategic collaborations where the transaction might be improved for the Company by issuing equity securities. In the past, we have been able to issue common stock to certain vendors in lieu of cash to preserve capital for other purposes. Having additional authorized shares of common stock will also allow us the flexibility to raise capital, if necessary, in the future or to issue shares for other purposes such as acquiring assets or businesses. If we do not have sufficient authorized shares of common stock available, we will not have the flexibility to issue shares of common stock at a time when the Board believes the market conditions are optimal and we might miss an opportunity to make an acquisition while we go through the process of obtaining shareholder approval for an increase at the time an acquisition is identified. Having sufficient authorized shares of common stock will permit us to act quickly in situations where issuing shares of common stock would be in the best interests of the Company and its shareholders.

Material Effects of Proposed Authorized Share Increase

The amendment to our Restated Certificate of Incorporation, as amended, to effect the Authorized Share Increase will not change the terms of our common stock. After the Authorized Share Increase, the par value of our common stock will remain unchanged at \$0.0001 per share and shares of common stock will have the same voting rights and will be identical in all other respects to the common stock currently authorized. Immediately following the Authorized Share Increase, we will continue to have the same number of stockholders and we will still be subject to the periodic reporting requirements of the Exchange Act.

The Authorized Share Increase will permit us to issue 12,000,000 additional shares of common stock or other securities that could be converted into common stock such as options, warrants, preferred stock or debt over our current limit of 12,000,000. To the extent that we issue new shares of common stock, or additional shares are issued based upon the exercise of newly issued options or warrants, the ownership percentage of each share will decrease. This dilution may have the effect of reducing our stock price.

The Authorized Share Increase will affect the shares of all of our stockholders uniformly. To the extent that the Authorized Share Increase has the potential to dilute the ownership percentage of shares, it does so to the same extent for all stockholders.

Potential Disadvantages of the Authorized Share Increase

Although the Authorized Share Increase will not in and of itself cause dilution to existing shareholders, we may use a portion of the Authorized Share Increase to issue shares in the future to raise capital to support our new business plan. The issuance of such shares will cause the ownership percentage of each shareholder to decrease. Additionally, we anticipate issuing additional options as compensation, which have the potential to cause dilution in the future if such options are exercised.

The effect of the Authorized Share Increase on the market price of our common stock cannot be predicted. Many factors affect the price of our common stock including our financial performance, product performance and new product introductions and the overall stock market's performance. While it is possible that approval of the Authorized Share Increase may cause concern among shareholders and investors about the potential for shareholder dilution and that may, in turn, cause our stock price to decline, we believe the actual impact of the Authorized Share Increase cannot be isolated from other factors affecting our stock price and that makes future predictions of stock price impossible.

Potential Consequences that the Authorized Share Increase Will Fail to Achieve the Desired Effects

Even if the Authorized Share Increase is approved, we may not achieve the desired results.

Our current fundraising efforts may not provide us with the cash proceeds necessary to grow our business. If we are unable to raise enough capital to meet our current and immediate future needs, we may need to engage in additional financings with undesirable terms or revert back to our original business plan of primarily using partners to develop and market our products.

Offering equity compensation may not attract or motivate the directors, officers, employees, and consultants we need to drive the success of our business. If our stock is not attractive as compensation, we may need to increase the cash portions of our compensation, which could have a negative impact on our results of operation, our capital resources and our business.

We may not be able to engage in future financings when needed that are at terms acceptable to us or at all. If we are unable to raise capital through sale of our stock, we will need to find additional sources of funding and revenue on terms that are not desirable or scale back our business operations. If we are unable to obtain the working capital we need, our business may fail to grow or may fail entirely.

Procedure for Effecting Authorized Share Increase

If the Authorized Share Increase is approved by our stockholders, and if at such time the Board determines it is in the best interests of our Company and our stockholders to effect the Authorized Share Increase, we will file the Certificate of Amendment with the Secretary of State of the State of Delaware at such time as the Board of Directors deems appropriate to effect the Authorized Share Increase. The Board of Directors may delay effecting the Authorized Share Increase without re-soliciting stockholder approval. The Authorized Share Increase would become effective at such time as the Certificate of Amendment is filed with the Secretary of State of the State of Delaware. Upon the filing of the Certificate of Amendment, all of our existing common stock will be converted into new common stock as set forth in the amendment.

As soon as practicable after the effective date of the Authorized Share Increase, stockholders will be notified that the Authorized Share Increase has been effected.

No Dissenter's Rights

Under the Delaware General Corporation Law, stockholders will not be entitled to dissenter's rights with respect to the proposed amendment to our Restated Certificate of Incorporation, as amended, to effect the Authorized Share Increase, and we do not intend to independently provide stockholders with any such right.

Required Vote

The affirmative vote of the majority of the outstanding shares of common stock is needed to approve this Proposal.

Your Board of Directors recommends a vote **FOR** the proposal to approve an amendment to the Company's Restated Certificate of Incorporation, as amended, to increase the number of authorized common stock, \$0.0001 par value per share, to a total number of 24,000,000 shares.

“Householding” of Proxy Materials

The SEC has adopted rules that permit companies and intermediaries, such as brokers, to satisfy delivery requirements for proxy statements with respect to two or more stockholders sharing the same address by delivering a single proxy statement addressed to those stockholders. This process, which is commonly referred to as “householding,” potentially provides extra convenience for stockholders and cost savings for us. Under this procedure, multiple stockholders who share the same last name and address will receive only one copy of the annual proxy materials, unless they notify us that they wish to continue receiving multiple copies. We have undertaken householding to reduce our printing costs and postage fees.

If you wish to opt-out of householding and continue to receive multiple copies of the proxy materials at the same address, you may do so at any time prior to thirty days before the mailing of proxy materials, which will typically be mailed in July or August of each year, by notifying us in writing at: Secretary, Sonoma Pharmaceuticals, Inc., 1129 N. McDowell Blvd., Petaluma, California 94954, or by contacting us at (707) 283-0550. You also may request additional copies of the proxy materials by notifying us in writing at the same address or contacting us at (707) 283-0550, and we will undertake to deliver such additional copies promptly. If you share an address with another stockholder and currently are receiving multiple copies of the proxy materials, you may request householding by notifying us at the above referenced address or telephone number.

Other Matters

Your Board of Directors does not know of any other business that will be presented at the Annual Meeting. If any other business is properly brought before the 2018 Annual Meeting, your proxy holders will vote on it as they think best unless you direct them otherwise in your proxy instructions.

**CERTIFICATE OF AMENDMENT
TO THE
RESTATED CERTIFICATE OF INCORPORATION, AS AMENDED
OF
SONOMA PHARMACEUTICALS, INC.**

Sonoma Pharmaceuticals, Inc., a corporation organized and existing under and by virtue of the General Corporation Law of the State of Delaware (the "Corporation") does hereby certify that:

FIRST: That at a meeting of the Board of Directors of the Corporation resolutions were duly adopted setting forth a proposed amendment of the Restated Certificate of Incorporation of said Corporation, as amended, declaring said amendment to be advisable and calling a meeting of the stockholders of the Corporation for consideration thereof. The resolution setting forth the proposed amendment is as follows:

RESOLVED, that Subsection A of Article FOURTH of the Restated Certificate of Incorporation, as amended, of this Corporation be hereby amended by deleting and substituting the following Subsection A of Article FOURTH:

- A. Authorized Stock. The Corporation is authorized to issue two classes of stock to be designated respectively Preferred Stock ("Preferred Stock") and Common Stock ("Common Stock"). Effective _____, ____, the total number of shares of all classes of capital stock the Corporation shall have authority to issue is twenty-four million seven hundred fourteen thousand two hundred eighty six (24,714,286). The total number of shares of Preferred Stock the Corporation shall have the authority to issue is seven hundred fourteen thousand two hundred eighty six (714,286). The total number of shares of Common Stock the Corporation shall have the authority to issue is twenty-four million (24,000,000). The Preferred Stock and the Common Stock each shall have a par value of one one-hundredth of one cent (\$0.0001) per share. The number of authorized shares of Common Stock or Preferred Stock may be increased or decreased (but not below the number of shares thereof then outstanding) by the affirmative vote of the holders of a majority of the then outstanding shares of Common Stock, without a vote of the holders of Preferred Stock, or of any series thereof, unless a vote of any such holders of Preferred Stock is required pursuant to the provisions established by the Board of Directors of the Corporation (the "Board of Directors") in the resolution or resolutions providing for the issue of such Preferred Stock, and if such holders of such Preferred Stock are so entitled to vote thereon, then, except as may otherwise be set forth in this Restated Certificate of Incorporation, the only stockholder approval required shall be the affirmative vote of a majority of the combined voting power of the Common Stock and the Preferred Stock so entitled to vote.

SECOND: That thereafter, pursuant to resolution of the Corporation's Board of Directors, an annual meeting of the shareholders of the Corporation was duly called and held upon notice in accordance with Section 222 of the General Corporation Law of the State of Delaware on August 31, 2018, at which the necessary number of shares as required by statute were voted in favor of the amendment.

THIRD: That said amendment was duly adopted in accordance with the provisions of Section 242 of the General Corporation Law of the State of Delaware.

IN WITNESS WHEREOF, Sonoma Pharmaceuticals, Inc. has caused this Certificate to be signed by its duly authorized officer this ____ day of ____, ____.
